

NEW ICE-CHILLED AND ELECTRIC DISPENSERS

NEW ICE DISPENSER

NEW ELECTRIC DISPENSER

Patents Pending

Pour perfect BEER, WINE, SODA, anytime, anywhere, every time!

NEW ICE DISPENSER

- Uses ice to cool down the beer – NO refrigeration required
- Suitable for small restaurants, events and catering
- SMALL footprint requires small counter-top space
- NO power requirements and NSF-listed for commercial use
- Place anywhere: front bar, back bar, satellite counters
- Ice lasts for up to 8 hours, depending on use
- Perfect consistent beer temperature: 36°F (2°C)
- Simple maintenance with no moving parts or compressor
- Requires a drain for melting ice water
- Exclusive dual-spout creamy foam faucet option reduces waste and creates perfect foam
- Table stand option to display dispenser, keg and equipment

NEW ELECTRIC DISPENSER

- Serve cold beer using an ambient keg from a compact, visually appealing dispenser
- Exclusive dual-spout creamy foam faucet option reduces waste and creates perfect foam
- Table stand option to display dispenser, keg and equipment
- Perfect for portable bars, special events, caterers, golf clubs, microbreweries, home use and more
- Dispensing capacity: 40L, 86°F - 46.4°F (30°C - 8°C / 4H)
